Northland Research, Inc. is seeking a full-time Senior Archaeologist/Field Director. The primary work station is Tempe, Arizona but candidates in the Tucson and Flagstaff areas will be considered. The successful candidate will have experience in all phases of cultural resources investigations, excellent writing skills, and a proven track record of meeting deadlines. The ability to travel out-of-state is required.

Responsibilities will include, but not be limited to, field work, writing technical reports and compliance documents, artifact or biological material analysis, and budget and proposal preparation. The successful candidate will be able to obtain low-level security clearance for some federal jobs. A current valid driver's license is required.

A Master's degree in Anthropology or closely related field is desired. In addition to experience in Arizona a past work history in California, New Mexico, Texas, Utah, Nevada, and/or Colorado is a plus. The candidate must have the ability to obtain permits to work in Arizona and any of the above-mentioned states.

Experience with Trimble GPS units and Microsoft Office applications is a must, as is the ability to operate a four-wheel drive manual transmission vehicle. In addition, the job may require working in inclement weather, rugged terrain, high altitudes and high temperatures.

Interested persons should submit a resume and salary requirements to: info@northlandresearch.com. The application period will end on November 17, 2017.

Northland is an equal opportunity/affirmative action employer. If you need assistance completing the application process due to a disability, please call 480-894-0020. This contact information is for disability accommodation requests only. All other inquiries will not receive a response.
